

Southeast Veterans Center

Here is some information on the Southeast Veterans Center Fund....as a recommendation for either our HRPOY designee or Silent Auction charity:

The Southeast Veterans Center Fund is a nonprofit run by an advisory board of former military members, who are volunteers. The money given to this group does not go to the government but instead to the volunteer advisory board who work with the volunteer coordinator on site.

Its aim is to provide a range of activities for veterans, primarily those in the VA Hospital in Spring City. The government covers their housing and meals but the fund covers activities to get them out of center they live in.

Some examples are: taking the veterans fishing, to all you can eats in Lancaster and other dining places, baseball games and other sporting activities, and also put together events at the center (e.g. casino night). These are all opportunities they would not have without the money they get from donations like ours. It is an opportunity to say thank you to those who served our country.

The EIN is 23-6295874 Southeast Fund 501 C3-19 Veterans Org.
