November 13th Dinner Meeting and Food Drive: Learn How To Become a Big Loser, Like Bill

Bill Germanakos wants to become "the biggest loser" in America and become the "big winner" on NBC-TV's reality show "The Biggest Loser". Since joining Quest Diagnostics two years ago, Bill has gained insights into "healthy lifestyles" through HealthyQuest, our lifestyle-focused employee program that encourages employees to improve their health through exercise, weight loss, proper nutrition and smoking cessation. He even obtained a pedometer through the HealthQuest program to track his exercise progress. At 334 pounds, Bill saw the TV show as another potential opportunity for him to get healthy.

At the November 13 dinner meeting, you will learn more about this award winning wellness initiative from Doris Ziegler. You will leave the session with 10 Steps to Starting a Wellness Initiative at your Company. Since the inception of HealthyQuest, Quest Diagnostics received several awards for this employee wellness program. Some of these many awards received include:

- National Business Group on Health (NBGH) Institute on the Costs and Health Effects of Obesity - Silver Award June, 2005 and June, 2006.
- NBGH Institute on the Costs and Health Effects of Obesity - Gold Award June, 2007.
- American Heart Association Start! Fit-Friendly Gold Award - Baltimore Business Unit April, 2007. (Others will be getting it prior to November but are not yet announced.)

- Selected for inclusion in Leading by Example, a joint publication by the Partnership for Prevention and the U. S. Chamber of Commerce - 2007
- Quest Diagnostics was spotlighted in the December, 2005 Quarterly Free & Clear newsletter..."Quest Diagnostics is also the first commercial Free & Clear client to register its 1,000th participant within six months. This is an exciting achievement and Free & Clear wants to acknowledge Quest Diagnostics for their commitment to reducing the tobacco prevalence in the workforce. Quest Diagnostics has undoubtedly set a new standard for best practices in action.

Marriott and Penn State Sponsor November Breakfast Meeting

The GVFHRA would like to thank the sponsors of our November 1, 2007 breakfast meeting, Marriott Execustay and Penn State Great Valley. Please visit their websites at www.execustay.com and www.gv.psu.edu to learn more.

President's Message: Expressing Gratitude

As I write this, I am looking out my office window watching leaves glossed with autumn splendor colors fall to the ground, so I know the grey skies and barren trees of November are not far behind. There's something about November- maybe it's the Thanksgiving Holiday or the slight calm before the chaos and excitement of a busy December holiday month that, for me, signals a time for personal reflection of my life and what I am grateful for.

It's easy to get caught up in the day to day minutia of what does not go well- getting stuck in 202 traffic when you have an important meeting, long lines at the grocery store, dropped cell phone calls, that I we

sometimes forget what is going well for us and what we have to be thankful for. Personal reflection helps bring into focus the things,- large and small, that we are grateful for in our lives.

As a way to express gratitude, one of the things I personally do, is to do something to help others. This may include making donations to charitable organizations, and GVFHRA offers opportunities for members to do so.

This month GVFHRA offers an opportunity for members to help those in our community in need by making donations to our food and coat drive for the Salvation Army. A representative of the local Salvation Army will be at the November breakfast and dinner meetings to accept your donations. And once again at our December Holiday Networking Event, members of the Marines will be on hand to accept your donations of new and gently used toys for the Toys for Tots program. I encourage each of you to participate. No donation is too small.

*Lynne Kester, MS, SPHR
President, GVFHRA*

Salvation Army Food Drive

The Ambassador Committee will be sponsoring a food drive at the **Nov 1st Breakfast meeting and the Nov 13th Dinner meeting** to support the local Salvation Army.

The Salvation Army is a global network of people meeting the physical, emotional and spiritual needs of others. They provide comprehensive community outreach programs for people of all ages and backgrounds; from addiction treatment centers and emergency shelters to child care centers to older adult residences.

Please show your generosity by donating to this great cause. Non-perishable food donations such as canned goods and items in plastic containers are welcome. They are especially in need of formula, diapers, and juice. Anything you can donate during this giving time of year is very much appreciated. The donations will be delivered to the Salvation Army on behalf of GVFHRA. A drop off area will

be available at the meeting. Let's help those individuals who are less fortunate! Thank you in advance for your generosity!

Both GVFHRA Members and Non-Members are invited to this event.

2007 dvHRP Summit Draws Over 400 Attendees!

Over 400 HR professionals packed the rooms at the 2007 dvHRP Summit at the Philadelphia Marriott on October 15th. Our second year at this venue produced a 15% increase in attendance and the entire event received rave reviews from attendees, sponsors, and exhibitors:

- *"I really enjoyed the conference. It offered a variety of quality programs and speakers."*
- *"[The conference provided an] interactive nature in getting perspectives of different industries and tracks."*
- *"[The event was] so well organized with good content and great signage!"*
- *"The keynote speaker was AWESOME!"*

Keynote speaker Steve McClatchy opens the 2007 conference.

This year, our keynote speaker was Steve McClatchy, who presented *"The Business of You!"*, a presentation on managing your choices rather than managing the clock. His fast-paced, interactive session entertained

the huge audience while educating attendees on effectively managing, planning, and prioritizing their time.

Following the keynote presentation, attendees selected from 18 different sessions presented throughout the day by 37 speakers. The sessions covered 6 tracks including Leadership Development, Organizational Development, Employee Relations/Legal, Recruiting/Retention/Engagement, Compensation/Benefits and Talent Management.

Between sessions, attendees visited the Exhibitors Crossing exposition area where more than 70 exhibitors presented their products and services for the HR community. Many companies held raffles throughout the day and winners were announced during the afternoon break.

Attendees visit the Exhibitors Crossing Expo between sessions.

The dvHRP Summit is collaboration between GVFHRA and Philly SHRM. This annual event offers educational seminars with HRCI credits in different tracks,

and a trade show exposition presenting various services and providers to the HR professional. The 2008 Summit will be held in the same location on October 3, 2008. Watch for details and advance registration in the next few months and visit www.dvhrpsummit.com for updates.

Thanks again to our 2007 dvHRP Sponsors

GVFHRA and Philadelphia SHRM extend their thanks to the sponsors who helped to make this event so successful.

Highlights of the SHRM Leadership Conference

Author: Leon Singletary, MS, SPHR

I recently had the opportunity to attend the Pennsylvania SHRM Leadership Conference that was held on September 11, 2007 in State College. This conference hosted by the Pennsylvania State Council of SHRM offered the chapter leaders and designated chapter representatives statewide the opportunity to develop their leadership skills. Our chapter President, Lynne Kester, asked me to attend this conference because of the importance of the membership recruitment initiative recently established by SHRM. This was a perfect opportunity for me to network with other chapters and share best practices. I attended the membership recruitment and diversity workshops and have provided below the highlights of each of these dynamic sessions.

Membership Recruitment

This workshop was presented by Victoria Krotzer, who serves as an officer on the PA State Council. The focus of this workshop was to:

1. Increase attendee's understanding of the SHRM membership initiative and its importance;
2. Review the roles of local and state membership directors and chairs;
3. Demonstrate how to calculate retention rates;
4. Review the tools and resources available on the SHRM's website;
5. Discuss best practices among chapter leaders in attendance.

The SHRM membership initiative can be described as a partnership between local chapters and SHRM national. The three primary goals are to attract SHRM at-large members to join local chapters, encourage non-SHRM local chapter members to join SHRM, and develop strategies to retain current members. The statewide metrics that pertain to the primary goals are to increase SHRM membership by 5.5%, in-chapter SHRM membership by 3.0% and member retention by 0.5%.

The GVFHRA would benefit immensely by supporting these statewide goals in many way, in particular:

1. Our chapter would increase its membership base in sheer numbers and its SHRM affiliation percentage;
2. Increase overall financial strength from dues, workshops and events.
3. Increase financial support received from SHRM national due to our stronger SHRM affiliation percentage, and;
4. Build a more diverse and talented member pool as a feeder group for future volunteer leaders.

To achieve these goals we need the support of all our members in terms of participation on committees, referrals of new members and serving as community ambassadors to GVFHRA. There are a significant number of HR professionals in our local area who are members of SHRM national but not affiliated with any local chapter (SHRM At-Large members). We can use your assistance in reaching out to these HR professionals and sharing with them the benefits of joining GVFHRA. More specifically, here are some ideas to consider:

1. Invite At-large SHRM members or any HR professionals non-affiliated with GVFHRA to our chapter meeting or event;
2. Discuss member benefits of GVFHRA with other HR professionals, who are not affiliated with a local chapter or may be interested in expanding their network (refer them to our web site at www.gvfhra.org);
3. Simply ask At-large SHRM members or other HR professional to consider joining our chapter;
4. Remind former members if they neglect to renew.

Diversity

Presented by Ben Brooks, President of Major Ben's Consulting and Greg DeShields, President of the National Association of African Americans in Human Resources, this workshop provided a high-level overview of workplace diversity. The presenters engaged the attendees to define diversity, which was summarized as:

“Understanding that each individual is unique, and recognizing our individual differences. These can be along the dimensions of race, ethnicity, gender, sexual

orientation, socio-economic status, age, physical abilities, religious beliefs, political beliefs, or other ideologies.”

The presenters discussed SHRM’s perspective on diversity and the topic’s evolution over time. They recommended that organizations align diversity initiatives with their core values and to build initiatives that are sustainable and create real value.

Further, they recommended that SHRM chapters and organizations create partnerships with other human resource organizations to support their diversity efforts and goals and ultimately avoid “reinventing the wheel.” A listing of resource web sites were provided as follows:

- www.mfha.net/about.asp
- www.hispanicmeetingprofessionals.com
- www.philadelphiamac.org
- www.nclr.org
- www.peoplereport.com
- www.hrc.org

The workshop was very interactive and stimulated some interesting dialogue from those in attendance.

If you have ideas or suggestions you wish to share on member recruitment, retention or diversity, feel free to contact Leon Singletary (Member Services Chair) anytime on 267-419-1390. Joining the membership or hospitality committees is another way to get involved and support your chapter.
